Words for the Month

Dear Friends,

We were reminiscing the other day about the autumn nature tables we used to have in our Junior school days. It was a lovely time spent collecting beech nuts, acorns, bright red leaves and anything else of interest that we could find to add variety to the display. I'm
not sure whether children still do this, I hope they do. There does seem to be more
interest among young people about the natural world, and how we need to be taking more care of things before it is too late. This time of year is particularly beautiful with all the different coloured leaves, even if they do make a bit of a mess on the pavement when they drop!

It's amazing how such little events can bring back strong memories from childhood. Autumn seems to be the time that I remember best, not just with the nature table but other activities, such as collecting wood for the bonfire and choosing which box of fireworks to buy. There were also the 'Sale of Work' events at local chapels, with lots of stalls to look for Christmas gifts, helping to raise funds for the respective churches, while avoiding trailing round shops looking for appropriate presents.

It can be nice to look back and remember, but we also need to look to the future and
 where we will spend eternity. It's a decision we need to make now, not something to be put off till later. Jesus, our Saviour came down to earth and gave his life for us, to restore the broken connection between God and humankind. We were created to be God's
 children, but we need to accept his offer of grace and forgiveness in order to take our
 place in the eternal kingdom.

Don't leave it too late!!

God bless you all.

Frances
